

***Strengthening St. Priscilla  
Beginning with the “Changing Lives Together” Campaign***

Dear Fellow Parishioners:

Thank you for listening and reading about the *Changing Lives Together* campaign and how it supports the Parish Mission and Goals. We appreciate your sincere feedback on how to strengthen our parish. We will review all of the feedback with Fr. Theo before he departs for India this weekend and, if needed, update the goals outlined for this initiative.

In last week’s presentation, we mentioned the *Four Pillars* on which this campaign is based. These are worth outlining again.

First and foremost is the pillar of ***Prayer***: We pray and ask the Lord what He wants from us, and how each one of us can help to strengthen the Parish of St. Priscilla.

The second pillar is ***Stewardship***: We believe and emphasize that this three-year campaign is not about everyone giving Equal Gifts, but rather praying and finding it in our hearts to give an Equal Sacrifice.

The third pillar is ***Information***: We pledge to help everyone understand how this three-year initiative strengthens and supports the mission and ministry of the parish and we commit to transparency of information throughout the campaign.

The fourth pillar is ***Involvement***: We all need a sense of ownership in how we strengthen our parish. We can only accomplish great things as a parish by uniting in prayer and sharing in the gifts of our time, talent, and financial resources.

We pray that our next 50 years will be as blessed as the first!

***All the best,***

***Mark Brucki, Chair
