CATHOLIC SCHOOLS WEEK

The Solution is Simple!

A Dozen Reasons for Catholic Schools

ACROSS

- 2 We prepare students to be productive citizens and future leaders.
- 3 We cultivate a faculty and staff of people who are dedicated, caring and effective.
- 6 We instill in students the value of service to others.
- 7 We use technology effectively to enhance education.
- 9 We emphasize moral development and self-discipline.
- 10 We set high standards for student achievement and help them succeed.
- 11 We provide a balanced academic curriculum that integrates faith, culture and life.
- 12 We partner with parents in the faith formation of their children.

DOWN

- 1 We teach children respect of self and others.
- 4 We offer an education that combines Catholic faith and teachings with academic excellence.
- 5 We have a 99% high school graduation rate and 85% college attendance rate.
- 8 We provide a safe and welcoming environment for all.

From the Desk of Kim Doyle

Dear Parish Members,

Welcome to Catholic Schools Week. St. Wenceslaus is one of 6429 Catholic Schools who serve nearly 1.9 million students. It is inspiring that so many children are enrolled in schools where faith and learning go hand in hand. Catholic schools offer a stellar academic education in an environment that surrounds each child in purposeful activities to deepen their faith. St. Wenceslaus School offers students traditional Catholic teachings and practices through curriculum taught daily and opportunities for prayer and study. Students also learn service and importance of social justice as they reach out and assisting those in the need in our community. Most importantly, our students build a relationship with God and their hearts and souls are trained to love the Lord. Faith development grows year by year, and our students have the opportunity to share their faith openly and honestly with others. This growth in faith becomes not only personal development, but it develops a community of believers who work together in God's glory.

St. Wenceslaus is a strong C-STEM school. Our staff is trained and certified to develop the mindset of STEM education. Students are getting a robust academic education in Science, Technology, Engineering, and Math. They are learning the process of developing solutions to problems in collaboration with classmates using critical thinking skills, creativity, and communication. These are life skills that will meet our school goals to develop confident and capable learners. We look forward to our graduates becoming successful leaders in our community and the world.

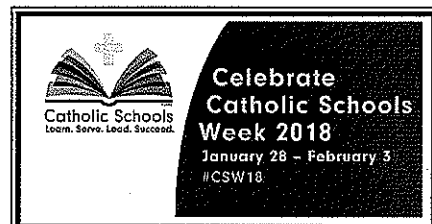

We are so thankful for the support that is given to our school from the hundreds of alumni, parish members, and people of the community. Our school is healthy and thriving. We pray for God's blessings as we continue to bring Him into the hearts and souls of many more students for years to come. This gift is worth celebrating during Catholic Schools Week and all year long!

Peace,

Kim Doyle, Principal

Western Catholic Community

From the Desk of Deacon Bob

Astonishment! Amazement! Those are feelings many felt when the Vikings beat the Saints in the last 10 seconds of that first playoff game. Having had my heart broken by the Vikings these many years, I was astonished they didn't choke and lose the game. Astonishment and amazement are feelings that we reserve for only the most extraordinary moments we have in life.

In the Gospel, today, people of Capernaum were not expecting even a surprise when they went to the synagogue for the Sabbath. However, when they heard Jesus teach they were astonished. It was not only the people of Capernaum who were astonished. The demon possessing the man in the synagogue expressed great astonishment as Jesus cast him out of the man. The people witnessing this act of Jesus were spellbound in amazement. When we experience these two profound feelings, we find that they occur when we least expect them.

What feeling do you feel when you hold a consecrated host in your hand? How does it feel to know that the God who created you, the God who created heaven and earth, rests gently in your palm? Are you not astonished and amazed? The hymn Gift of Finest Wheat expresses this so poetically. "The mystery of your presence Lord, no mortal tongue can tell; whom all the world cannot contain comes in our hearts to dwell." (© 1997, Archdiocese of Philadelphia, text by Omar Westendorf.)

The words astonishment and amazement aptly expresses our encounters with God. These encounters occur not only at Mass. We encounter the same astonishment when we walk out the door and see a beautiful sunrise greeting us at the beginning of the day or in the amazement we feel as we lose ourselves in the heavens gazing upon the stars. We encounter the astonishment of God when we look into the eyes of a newborn baby or gaze into the eyes of the one we love. As we walk into this new week, let us open ourselves to encounters with our God. They will come when we least expect them and we will be astonished and amazed.

Furnish a Home with Hope This Winter

Once holiday celebrations are over and families go back to their daily routines, it is easy to forget that the winter months are still a struggle for many families in the Twin Cities. But Bridging needs donations to fill the shelves year-round, especially in winter, when individual donations drop significantly. Bridging, a local non-profit that provides quality household goods to those transitioning out of poverty and homelessness, serves over 85 families every week. This means they need inventory for 300 people each week; including dressers, sofas, dishes, cookware, lamps, and beds/linens so they have the basic home essentials for a fresh start in life. Your donation goes directly to the warehouse shelves to receive a "second life" for a family in need. **Get involved today** ~ donate your stuff, time, or dollars to help a local family in need! Learn more and get started by visiting www.bridging.org or calling (952) 888-1105.

Kim Doyle ~ School Principal

Kim Doyle has been the principal of St. Wenceslaus Catholic School for the past 10 years. She is an experienced school educator, working in both Catholic and public schools as a teacher. She has taught pre-school to college level students. Kim had been a Catholic school principal for most of her career before moving back home to St. Wenceslaus as our current school leader. Kim grew up in New Prague and is a graduate of St. Wenceslaus Catholic School. Kim also graduated from the College of St. Benedict with a degree in education and received four additional degrees and certifications from the University of St. Thomas in school administration. Recently Kim became certified as a STEM educator with seven SWS teachers from St. Catherine University. Kim has traveled to many areas of the world, but her most rewarding travels were several trips to Russia to pick up her two daughters. Ksenia is a senior at St. Mary's University majoring in elementary education. Daria currently attends New Prague High School. Kim dedicates her life to her daughters enjoying the time they share with each other traveling, camping, and with their involvement in dance and gymnastics events. Kim eats, sleeps, and breathes her mission of Catholic Education. She believes that educating the heart and soul of our children is critical in bringing them closer to God. She works to make the faith base they receive while in our Catholic School one that will carry them into a lifetime of building their relationship with God and with others. The strong academic program the students of St. Wenceslaus School receive coupled with deep faith beliefs and practices will make the SWS students confident and capable learners and leaders.
